

2011 United States Mint Uncirculated Coin Set®

UNITED STATES MINT

2011 United States Mint Uncirculated Coin Set®

With this set, you can obtain pristine, uncirculated examples of United States circulating coinage, and it's a great way to collect coins with both the "P" and "D" mint marks. This annual set also makes a great gift for that special occasion.

Uncirculated-quality coins are struck once on special presses using greater force than circulating-quality coins, producing sharp, intricately detailed images. Beginning in 2011, uncirculated coins feature a brilliant finish as opposed to the satin matte finish introduced in 2005. Along with proof coins, uncirculated coins represent the finest craftsmanship the United States Mint has to offer.

The 2011 United States Mint Uncirculated Coin Set contains two folders of 14 coins each, one from the United States Mint at Denver and the other from the United States Mint at Philadelphia, for a total of 28 coins. Each facility's coins are packaged with both sides of the coins displayed.

Each folder includes uncirculated versions of all 2011 circulating coins:

- four **Presidential \$1 Coins** honoring Presidents Andrew Johnson, Ulysses S. Grant, Rutherford B. Hayes and James Garfield
- five quarter-dollar coins from the **America the Beautiful Quarters® Program** honoring Gettysburg National Military Park in Pennsylvania; Glacier National Park in Montana; Olympic National Park in Washington; Vicksburg National Military Park in Mississippi; and Chickasaw National Recreation Area in Oklahoma

U11 2011 United States Mint
Uncirculated Coin Set (28 coin) **\$31.95**

- a new **Native American \$1 Coin** with a reverse design emblematic of the peace alliance created by the 1621 Wampanoag Treaty
- the **Lincoln one-cent coin** featuring the "Preservation of the Union" reverse design introduced in 2010
- the **Jefferson five-cent, Roosevelt dime and Kennedy half-dollar** coins

Created by Congress in 1792, the United States Mint is the Nation's sole manufacturer of legal tender coinage.

Its primary mission is to produce an adequate volume of circulating coinage for the Nation to conduct its trade and commerce. In addition to circulating coins, the United States Mint also produces proof, uncirculated and commemorative coins; Congressional Gold Medals; and gold, silver and platinum bullion coins.
